J. Construct. Steel Research **11** (1988) 320–321

CONTENTS OF VOLUME 11

Number 1

Design of Frames with Plated Columns 1
D. J. FRASER (Australia)

Steel Column Strength Models 13
S. BILD & N. S. TRAHAIR (Australia)

On-Line Computer Test Control Method and its Application to Earthquake Response Simulation of Steel Structural Models 27
KOICHI TAKANASHI & MASAYOSHI NAKASHIMA (Japan)

Buckling of Laterally and Torsionally Braced Beams 41
TONG GEN-SHU & CHEN SHAO-FAN (People's Republic of China)

Modal Clustering in the Vibration of Partially and Fully Embedded Steel Piles . . 57
MILIJA N. PAVLOVIĆ (UK) & ROGER PLUMER WEST (Republic of Ireland)

Calendar 69

Contents of Related Journals. 71

Number 2

The Design of Structural Steel Frames under Consideration of the Nonlinear Behaviour of Joints 73
FERDINAND TSCHEMMERNEGG & CHRISTIAN HUMER (Austria)

A Secant Stiffness Approach to the Fire Analysis of Steel Beams 105
I. W. BURGESS, J. A. EL-RIMAWI & R. J. PLANK (UK)

Slope–Deflection Method and Bending of Tapered Bars under Stepped Loads . . 121
JOHN CH. ERMOPOULOS (Greece)

Book Reviews 143

Announcement 146

Calendar 147

Number 3

Developments in the Fire Safety Design of Structural Steelwork 149
J. A. PURKISS (UK)

J. Construct. Steel Research (**11**) (1988)—© 1988 Elsevier Science Publishers Ltd, England.
Printed in Great Britain

Deformation and Residual Stresses Induced in Channel Section Columns by Presetting and Welding 175
K. J. R. RASMUSSEN & G. J. HANCOCK (Australia)

Limit Analysis of Welds 205
AAGE P. JENSEN (Denmark)

Calendar 237

Contents of Related Journals 239

Number 4

Lateral Buckling Tests on Monosymmetric Plate Girders 241
P. O'hEACHTEIRN (Republic of Ireland) & D. A. NETHERCOT (UK)

Lateral Buckling Behaviour of Monosymmetric Plate Girders 261
P. O'hEACHTEIRN (Republic of Ireland) & D. A. NETHERCOT (UK)

Extending of the Merchant–Rankine Formula for the Assessment of the Ultimate Load of Frames with Semi-rigid Joints 283
JEAN-PIERRE JASPART (Belgium)

Book Reviews 313

Calendar 318
